6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision: To recognize the true potential of rural & weaker section of the society where every student is provided with an opportunity for their proper Eco-balance sustainable development.

Mission: To pursue academic excellence and personality development of teenage boys and girls of rural & weaker section of the society and motivate them for Human hood and as citizens of the world.

6.2 Does the Institution has a management Information System

No, however, in the IQAC meeting it was found that MIS is necessary for the each and every college/institution and university is working on UMIS (University Management Information System) seriously on it and will be adopting in future.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The College is a constituent unit of Patliputra University. It works according to the prescribed curriculum provided by the university. For this session (2017-18), the College has obtained student's feedback form from the students for all the stake holders and action-taken is in process. In IQAC meeting on 25-09-2018, scope of expansion of more courses (UG, PG, and certificate/diploma courses and skill development programs) has been also discussed and members suggested to start various courses like National Skills Quality program (NSQF), Bachelor in Vocational course (B-VOC).

6.3.2 Teaching and Learning

Teaching and learning is an important section of the IQAC. In the IQAC meeting we discussed on many important points like the poor students-teacher ratio, formative and summative assessment of students, information of students's progression, teaching learning process etc.

We are happy to inform that in the 2017-18 sessions, eight high qualified new permanent teachers have been engaged by the university in this college. Additionally, the college has also appointed part time teachers in different departments. In the IQAC meeting it has been decided to do formative and summative assessment of students' quarterly, remedial classes for the weaker students and the collection of student's progression by all the departments. IQAC also encourage students to download e-books /e-journals, online courses/online lectures (NPTEL) etc. IQAC also conducts seminar (academic as well as intellectual seminar) every month in the various fields. Furthermore, English department runs communication classes in the campus.

6.3.3 Examination and Evaluation

This College is a constituent unit of Patliputra University, Patna and for the examination and evaluation; it depends on the rules and regulation of the University.

6.3.4 Research and Development

Members of IQAC suggested to develop research facility even at the small cost, enrolling students in Ph.D. with the help of P.G. departments, encourage teachers for attending conferences, seminars and writing at least one minor research projects to the various government research funding agencies. They also suggested to prepare an activity calendar for each year and to collaborate with the nearby institutions/colleges/university.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The college library has rich collection of books, reference books, journals and magazines for the students and faculty. The library has separate reading rooms. The fully automation of library is being added to the facility. All books have been catalogued digitally. Members of IQAC suggested for the fully digitalization of library facilities and form a committee of some senior teachers to accomplish it. Furthermore, it was suggested to appoint a computer operator in library. Now, our library became member of N-LIST program through INFLIBNET.

For ICT, the Members of IQAC Suggested to use of 'K-Yan' instrument in E-learning process, use of NPTEL lectures, e-PG Pathshala, enrolment in online courses for effective and comprehensive learning.

Further, for RUSA grant a detailed project report (DPR) has been submitted on 25-05-2018, involving for new construction, renovation, and lab equipment etc.

6.3.6 Human Resource Management

7. Innovations and Best Practices

- 7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

In this academic year, our college is registered as a new user of National Library and Information Services infrastructure for Scholarly content (N-LIST) programme on 25-05-2018. The N-LIST programme provides access to collection of e-journals/ e-books. All the faculty members and most of the students are enrolled into this e-library. Further, this academic year RUSA has allotted grant for college development and infrastructure. For this, college has submitted a detailed project report (DPR) for RUSA grant on 25-05-2018, involving for new construction, renovation, play ground, and lab equipment etc. Additionally, the college conducts institutional seminar every month by using of inside and outside resource person on various topic including celebration of Science Day and Hindi Diwas. Moreover, College promotes eco-friendly campus, online lectures (like NPTEL), and courses etc. Additionally, Chemistry department runs water testing programme for the nearby villages and aware for the presence of impurities.

- 7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

In the beginning of the year, Upon IQAC's requirement, College accepted the proposal for the construction of a new conference hall, a new library building, and some new class rooms for the infrastructure development. Further, the renovation and repair of old buildings, toilets, were also undertaken. Additionally, IQAC proposed for new play ground and lab equipment also and all has taken by the principal. Consequently, submitted a detailed project report (DPR) for the RUSA grant, Governing body, headed by the principal before summer vacation, involving for new construction, renovation, play ground, and lab equipment.

In the session 2017-2018, for the enrichment of laboratory, Physics and Chemistry departments had given requisitions individually to the principal of the college for the requirement of practical equipments and the spreading of gas pipe lines throughout the chemistry lab respectively. The principal has taken action over it and accomplished the requirements of individual departments.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

1. Environmental consciousness and sustainability:

The college is located in a sprawling green campus of 17.35 acre. Most of the land are empty and gives opportunities for enhancing the eco-friendly campus. The following works has been done in the campus which helps in the eco-friendly.

- Plantation of trees (200 Approx.) this year.
- Use of solar energy inside the campus.
- Cleanness/awareness camp conducted by NSS (from 11-12-2017 to 18-12-2017) and NCC.
- Maintenance of garden and various play grounds.
- Encourage to save electricity, save papers, use of dust beans etc.
- Use of Vermi-Compost as organic fertilizer.
- Chemistry department runs water testing to the nearby villages and aware about the water contamination and pollution.

- 2. Gender equity:** Since, this college is co-educational and every year large numbers of girls student take admission in different courses in the college. The college has a girl's hostel, common girl's room and constituted a sexual harassment cell, anti-ragging cell. Women faculty members are part of all important committee and administration. A gender sensitization program is seen in the lectures, sports competition, and programs conducted by the NCC and NSS units of this college.

**Provide the details in annexure (annexure need to be numbered as i, ii,iii)*

7.4 Contribution to environmental awareness / protection

- Plantation of trees (200 Approx.) this year.
- Use of solar energy inside the campus.
- Cleanness programs conducted by NSS and NCC.
- Maintenance of garden and various play grounds.
- Encourage to save electricity, save papers, use of dust beans etc.
- Environmental awareness program runs by NSS.
- "Vermi-Compost" prepared inside the college campus and use as it organic fertilizers.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strength:

- Large campus (~17.35 acre).
- Old college in a rural area.
- Experienced and well qualified faculty members.

Weakness:

- Shortage of faculty members and supportive administrative staffs.
- Lack of adequate funds for college development.
- Little Progress made in 50 years; insufficient ICT facilities

Opportunities:

- Have a good opportunity to start new UG, PG, diploma and research facility individually.
- To collaborate with an India's premier institute IIT Patna.
- Transforming the lives of the rural and educationally backward students.

Challenges:

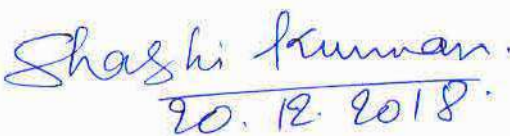

- Fund mobilization for expansion and research.
- Introduction of several need based courses (certificate, diploma, UG/PG); enhancing ICT in teaching learning facilities; multi-gym, hostels, faculties' house inside the campus etc.

8. Plans of institution for next year

- Alumni association and progression of students
- Teachers-parents association
- Feedback from all stake holders
- Minor research project
- Collaboration with nearby institutions
- Annual college magazine
- awareness programmes based on the intellectual property rights
- Digitization and e-learning of library
- Work on ICT facilities
- Work on submitted detailed project report (DPR) in RUSA.

Department of Chemistry:

Date..20/12/18

1. **Water Testing:** The Students of chemistry department are used to test potable water of different places.

Test: - Kits to test the contamination of following parameters are available in the department:

For Arsenic test

For Iron test

For PH test

For TDS test

For Fluoride test & etc.

A record of these tests is prepared and informed to the concern persons. Some students are also motivated to attend the seminar of environmental science.

2. **Save plants:** The department of chemistry has started to contribute to save the plants. Following activities are adopted by the department to save the plants. The department of Chemistry uses to collect plane papers from practical note books submitted by students in practical examination for evaluation. Actually, the number of these practical note books is one thousand approximately 50 pages are plane. In this way $50 \times 1000 = 50,000$ (approx.) pages are found unused (plane) by the students. Thus, approximately, 50000 pages per year are collected by the department and these plane papers are distributed time to time among the students coming to attend the classes. Also, the teachers of the department tries to convince the students that this is one of our contributions to save the plants and hence environment.
3. **Development of a small garden:** The department of chemistry is developing a small garden in the college campus. The location of garden is just behind the department. The plants of the garden are planted and nourished by the student of the department.
