STUDENT FEEDBACK ANALYSIS

Date.....

The college has prepared feedback manually for students. Each and every department distributes feedback manually to the students. In the feedback form, there are mentioned about the teaching-learning process, office facilities and regarding the facilities of the central library. Most of the participants come from the rural background and poor section of the society. In this Feedback both boys and girls are participated.

Our students were also participated online in student satisfactory survey (SSS) questionnaire designed by the National Institute of Educational Planning and Administration (NIEPA), New Delhi for the session 2018-19. It has already analyzed and uploaded at the college website.

After the analysis of feedback form the following observations have been taken out:

1. The teachers possesses deep knowledge of the subject, covered almost the entire syllabus, communicated clearly, encouraged students individually, pay attention academically for weaker students, conducts class test, and attitude friendly towards the students.
2. The office is very helpful in administrative work regarding marks sheet, issuing of certificates at time, cleaned class rooms, cleaned toilet room, availability of drinking water, and their grievances are redressed quickly. Students have demanded for more new toilet rooms and availability of drinking water.
3. Regarding library, most of the students, have been given positive remarks regarding available text books, catalogued and arrangement of books, reading rooms, helpful staffs, and availability of Xerox facility in the library.
